From the Driver's Seat

Spring is the season of renewal, growth and revitalization.

Our friends and colleagues at Southern Illinois University Carbondale have been working hard to provide us with another exceptional lineup of vendors, presenters and an impressively modern venue. In keeping with the theme of spring, our March conference will provide ICAIA members with an opportunity to renew our relationships with fellow instructors, grow our technical acumen, and revitalize our passion for providing high-quality technical education.

We are all aware that the future of the automotive/diesel and collision repair industries face many challenges. However, we must remind ourselves that challenges are always accompanied by opportunity. Clearly, the challenge of meeting ever-increasing marketplace demand for skilled workers is an incredible opportunity for all of us who dedicate ourselves to the development and delivery of technical training.

Please continue to encourage young people to explore career opportunities in auto, diesel and collision repair. Please continue to pursue your own growth and continued improvement as an educator. Of course, please continue to remind fellow instructors to join and participate in the Illinois College Automotive Instructor's Association!

Looking forward to seeing you all in Carbondale!

Shane Peidl, ICAIA President
